

Utah Diversion Measurement and Telemetry Program (UDMT) - Application Ranking Sheet		
Ranking Questions	Possible Points	Total Points
1. Is the application complete?	5	
2. Has the applicant previously applied for the UDMT Program?	5	
3. Is the applicant participating in the Utah Demand Management Pilot Program (DMPP)?	20	
4. Is the applicant a past participant in the System Conservation Pilot Program? (SCPP)?	15	
5. Does the proposed project support an ongoing water conservation project (DMPP, SCPP)?	20	
6. Does the project have a direct connection to the Green/Colorado River mainstem?	10	
7. Is the project a trans-basin diversion of water from the Colorado River system?	10	
8. What is the average flow rate of the project?		
<10 cfs	5	
10 to 25 cfs	7	
>25 cfs	10	
9. What is the length of the measurement period?		
<3 months	5	
3 to 8 months	7	
>8 months	10	
10. Is the project adding both new measurement and telemetry capabilities?	15	
11. Is the project updating an existing measurement device or telemetry?	5	
12. Is the project using a standard design?	5	
13. Does the project fill a data gap identified by the Authority and/or DWRi?	10
